Zoom Rooms digital signage for the workplace is a single tool that addresses corporate communication, engagement, internal marketing and more to your employees and visitors.

Workplace digital signage engages employees by displaying a wide range of content including images, videos, and websites.

Anyone who visits your office will remember it as being tech-savvy, contemporary, and cutting-edge.

**Improve Employees Engagement and Communications**

Display interactive content like live metrics, social media feeds, daily trivia, and local weather to keep your office fresh and exciting. Market your company and its brand, products, goals, policies, beliefs, messaging, and more to your employees and visitors.

**Easy to Set Up and Manage**

Simple administrator controls to add images with drag & drop and set variable rotation times.

Manage displays by groups for offices, floors, and other spaces, creating location-based content to localize and pinpoint your messages.

**Affordable**

With the purchase of a single Zoom Room subscription, you can deploy digital signage throughout your entire organization at no additional cost.
